

Drug problem. Drug solution.

Mayfield / Graves County
Common Cause Coalition

What is the *Common Cause Coalition*?

Launched at the Mayor's Prayer Breakfast (May, 2011), and in conjunction with the Mayfield/Graves County celebration of the National Day of Prayer, the Coalition is a coming together of people and organizations with the common cause of eliminating the substance abuse problems faced in our communities.

Who's Involved?

Representatives of churches and community agencies and organizations, pastors, elected officials, law enforcement personnel, and other concerned citizens.

How Can I Make a Difference?

- Join the Coalition! Watch and listen for notices of meetings and events in regional media outlets.
- Pray for God's hand to move as we reclaim lives that have been stolen by the menacing evil of substance abuse and addiction.
- Support our work with financial gifts.

Common Cause Coalition Goals:

- Help Mayfield/Graves County become a safer and better community by stopping illegal drug dealing.
- Help churches reduce the number of attendees who fall victim to the slavery of substance abuse.
- Help build unity and cooperation amongst the churches in Mayfield/Graves County.
- Help youth understand that only a small minority of youth people use alcohol and drugs. The large majority abstain.

What's Next? Meetings to plan future events are being held in anticipation of:

Community-wide prayer and signboard/marquee campaigns

Coordinated, simultaneous education and worship emphases in community churches

Outreach events designed to appeal to children for witness and education

Neighborhood walks to build relationships and to witness to the difference Jesus Christ makes in our lives

A community-wide march, held in multiple locations, and corresponding rally, during which members of the Coalition and concerned citizens unite to take a stand and claim neighborhoods for Christ.
